

1 a. Safeguarding Children/Child Protection Policy

EYFS: 3.4-3.18, 3.19, 3.21,
3.22

At Step By Step Montessori Ltd. we work with children, parents, external agencies and the community to ensure the welfare and safety of children and to give them the very best start in life. Children have the right to be treated with respect, be helped to thrive and to be safe from any abuse in whatever form.

We support the children within our care, protect them from maltreatment and have robust procedures in place to prevent the impairment of children's health and development. In our setting we strive to protect children from the risk of radicalisation and we promote acceptance and tolerance of other beliefs and cultures (please refer to our inclusion and equality policy for further information). Safeguarding is a much wider subject than the elements covered within this single policy, therefore this document should be used in conjunction with the nursery's other policies and procedures. Safeguarding children is everybody's responsibility. At Step By Step Montessori all staff, students and visitors are made aware of and adhere to, the policy.

This policy works alongside these other specific policies to cover all aspects of child protection:

- Online safety
- Human Trafficking and Modern Slavery
- Prevent Duty and Radicalisation
- Domestic Violence, Honour Based Violence (HBV) and Forced Marriages
- Looked After Children
- Monitoring staff behaviour
- Social networking
- Mobile phone and electronic device use
- Safe recruitment of staff
- Disciplinary
- Grievance
- Promoting positive behaviour

Legal framework and definition of safeguarding

- Children Act 1989 and 2004
- Childcare Act 2006
- Safeguarding Vulnerable Groups Act 2006
- Children and Social Work Act 2017
- The Statutory Framework for the Early Years Foundation Stage (EYFS) 2017
- Working together to safeguard children 2018
- Keeping children safe in education 2018
- Data Protection Act 2018

- What to do if you're worried a child is being abused 2015
- Counter-Terrorism and Security Act 2015
- Inspecting Safeguarding in Early years, Education and Skills settings 2019
- Prevent Duty 2015

Safeguarding and promoting the welfare of children, in relation to this policy is defined as:

- Protecting children from maltreatment
- Preventing the impairment of children's health or development
- Ensuring that children are growing up in circumstances consistent with the provision of safe and effective care
- Taking action to enable all children to have the best outcomes.

(Definition taken from the HM Government document 'Working together to safeguard children 2018).

Policy intention

To safeguard children and promote their welfare we will:

- Create an environment to encourage children to develop a positive self-image
- Provide positive role models and develop a safe culture where staff are confident to raise concerns about professional conduct
- Support staff to notice the softer signs of abuse and know what action to take
- Encourage children to develop a sense of independence and autonomy in a way that is appropriate to their age and stage of development
- Provide a safe and secure environment for all children
- Promote tolerance and acceptance of different beliefs, cultures and communities
- Help children to understand how they can influence and participate in decision-making and how to promote British values through play, discussion and role modelling
- Always listen to children
- Provide an environment where practitioners are confident to identify where children and families may need intervention and seek the help they need
- Share information with other agencies as appropriate.

The nursery is aware that abuse does occur in our society and we are vigilant in identifying signs of abuse and reporting concerns. Our practitioners have a duty to protect and promote the welfare of children. Due to the many hours of care we are providing, staff may often be the first people to identify that there may be a problem. They may well be the first people in whom children confide information that may suggest abuse or to spot changes in a child's behaviour which may indicate abuse.

Our prime responsibility is the welfare and well-being of each child in our care. As such we believe we have a duty to the children, parents and staff to act quickly and responsibly in any instance that may come to our attention. This includes sharing information with any relevant agencies such as local authority services for children's social care, family support, health professionals including health visitors or the police. All staff will work with other agencies in the best interest of the child, including as part of a multi-agency team, where needed.

The nursery aims to:

- Keep the child at the centre of all we do providing sensitive interactions that develops builds children's well-being, confidence and resilience. We will support children to develop an awareness of how to keep themselves safe, healthy and have positive relationships.
- Ensure staff are trained right from induction to understand the child protection and safeguarding policy and procedures, are alert to identify possible signs of abuse (including the signs known as softer signs of abuse), understand what is meant by child protection and are aware of the different ways in which children can be harmed, including by other children (peer on peer) through bullying or discriminatory behaviour
- Be aware of the increased vulnerability of children with Special Educational Needs and Disabilities (SEND) and other vulnerable or isolated families and children and vulnerabilities in families; including the impact of toxic trio on children and Adverse Childhood Experiences (ACE's).
- Ensure staff understand how to recognise early indicators of potential radicalisation and terrorism threats and act on them appropriately in line with national and local procedures
- Ensure that all staff feel confident and supported to act in the best interest of the child; maintaining professional curiosity around the welfare of children and share information and seek the help that the child may need
- Ensure that all staff are familiar and updated regularly with child protection training and procedures and kept informed of changes to local/national procedures, including thorough annual safeguarding newsletters and updates
- Make any child protection referrals in a timely way, sharing relevant information as necessary in line with procedures set out by the Barnet Safeguarding Children Partnership
- Make any referrals relating to extremism to the police (or the Government helpline) in a timely way, sharing relevant information as appropriate
- Ensure that information is shared only with those people who need to know in order to protect the child and act in their best interest
- Keep the setting safe online using appropriate filters, checks and safeguards, monitoring access at all times and maintaining safeguards around the use of technology by staff, parents and visitors in the setting.
- Ensure that children are never placed at risk while in the charge of nursery staff
- Identify changes in staff behaviour and act on these as per the Staff Behaviour Policy
- Take any appropriate action relating to allegations of serious harm or abuse against any person working with children or living or working on the nursery premises including reporting such allegations to Ofsted and other relevant authorities including the local authority
- Ensure parents are fully aware of child protection policies and procedures when they register with the nursery and are kept informed of all updates when they occur
- Regularly review and update this policy with staff and parents where appropriate and make sure it complies with any legal requirements and any guidance or procedures issued by the Barnet Safeguarding Children Partnership.

We will support children by offering reassurance, comfort and sensitive interactions. We will devise activities according to individual circumstances to enable children to develop confidence and self-esteem within their peer group and support them to learn how to keep themselves safe.

Types of abuse and particular procedures followed

Abuse and neglect are forms of maltreatment of a child. Somebody may abuse or neglect a child by harming them or by failing to act to prevent harm. Children may be abused within a family, institution or community setting by those known to them or more rarely, a stranger. This could be an adult or adults, another child or children.

What to do if you're worried a child is being abused (advice for practitioners) 2015.

The signs and indicators listed below may not necessarily indicate that a child has been abused, but will help us to recognise that something may be wrong, especially if a child shows a number of these symptoms or any of them to a marked degree.

Indicators of child abuse

- Failure to thrive and meet developmental milestones
- Fearful or withdrawn tendencies
- Unexplained injuries to a child or conflicting reports from parents or staff
- Repeated injuries
- Unaddressed illnesses or injuries
- Significant changes to behaviour patterns.

Softer signs of abuse as defined by National Institute for Health and Care Excellence (NICE) include:

Emotional states:

- Fearful
- Withdrawn
- Low self-esteem.

Behaviour:

- Aggressive
- Oppositional habitual body rocking.

Interpersonal behaviours:

- Indiscriminate contact or affection seeking
- Over-friendliness to strangers including healthcare professionals
- Excessive clinginess, persistently resorting to gaining attention
- Demonstrating excessively 'good' behaviour to prevent parental or carer disapproval
- Failing to seek or accept appropriate comfort or affection from an appropriate person when significantly distressed
- Coercive controlling behaviour towards parents or carers
- Lack of ability to understand and recognise emotions
- Very young children showing excessive comforting behaviours when witnessing parental or carer distress.

Peer on peer abuse

We are aware that peer on peer abuse does take place, so we include children in our policies when we talk about potential abusers. This may take the form of bullying, physically hurting another child, emotional abuse, or sexual abuse. We will report this in the same way as we do for adults abusing children, and will take advice from the appropriate bodies on this area; to support for both the victim and the perpetrator, as they could also be a victim of abuse. We know that children who develop harmful sexual behaviour have often experienced abuse and neglect themselves.

Physical abuse

Action needs to be taken if staff have reason to believe that there has been a physical injury to a child, which may involve hitting, shaking, throwing, poisoning; burning or scalding, drowning, suffocating or otherwise causing physical harm to a child. These symptoms may include bruising or injuries in an area that is not usual for a child, e.g. fleshy parts of the arms and legs, back, wrists, ankles, trunk and face.

Many children will have cuts and grazes from normal childhood injuries. These should also be logged and discussed with the nursery manager or room leader.

Children and babies may be abused physically through shaking or throwing. When children enter the nursery with an existing injury, we will record the details of the injury. Any injuries that are a cause of concern will be followed up with parents and the designated safeguarding lead.

Female genital mutilation

FGM is a procedure where the female genital organs are injured or changed and there is no medical reason for this. Some ethnic groups practise this form of physical abuse as a cultural ritual. When the procedure happens is dependent on the community and it may occur shortly after birth, during childhood; during adolescence, just before marriage or during a woman's first pregnancy. The practice can cause severe pain and there may be immediate and/or long-term health consequences, including mental health problems, urinary infection, septicaemia, incontinence; difficulties in childbirth, causing danger to the child and mother; and/or death.

If you have concerns about a child or family, you should contact children's social care team in the same way as other types of physical abuse. We have a mandatory duty to

report to police any case where an act of female genital mutilation appears to have been carried out on a girl under the age of 18.

Breast Ironing

Breast ironing also known as "breast flattening" is the process where young girls' breasts are ironed, massaged and/or pounded down through the use of hard or heated objects in order for the breasts to disappear or delay the development of the breasts entirely. It is believed that by carrying out this act, young girls will be protected from harassment, rape, abduction and early forced marriage. Although this is unlikely to happen to children in the nursery due to their age, we will remain vigilant for the signs and symptoms in any children and families using our services and follow-up concerns following our regular safeguarding referral process.

Fabricated illness

Physical harm may also be caused when a parent or carer fabricates the symptoms of, or deliberately induces, illness in a child. The parent or carer may seek out unnecessary medical treatment or investigation; they may exaggerate a real illness and symptoms or deliberately induce an illness through poisoning with medication or other substances or they may interfere with medical treatments. Fabricated illness is a form of physical abuse and any concerns will be reported, in line with our safeguarding procedures.

Sexual abuse

Sexual abuse involves forcing, or enticing, a child or young person to take part in sexual activities, not necessarily involving a high level of violence, whether or not the child is aware of what is happening. The activities may involve physical contact, including assault by penetration (for example, rape or oral sex) or non-penetrative acts such as masturbation, kissing, rubbing and touching outside of clothing. They may also include non-contact activities, such as involving children in looking at, or in the production of, sexual images, watching sexual activities, encouraging children to behave in sexually inappropriate ways, or grooming a child in preparation for abuse. Sexual abuse can take place online and technology can be used to facilitate offline abuse. Adult males do not solely perpetrate sexual abuse; women can also commit acts of sexual abuse, as can other children.

Action must be taken if a staff member witnesses an occasion(s) where a child indicates sexual activity through words, play, drawing, has an excessive preoccupation with sexual matters; or has an inappropriate knowledge of adult sexual behaviour, or language, for their developmental age. This may include acting out sexual activity on dolls/toys or in the role-play area with their peers; drawing pictures that are inappropriate for a child, talking about sexual activities or using sexual language or words.

The physical symptoms may include genital trauma, discharge and bruises between the legs or signs of a sexually transmitted disease (STD). Emotional symptoms could include a distinct change in a child's behaviour. They may be withdrawn or overly extroverted and outgoing. They may withdraw away from a particular adult and become distressed if they reach out for them, but they may also be particularly clingy to a potential abuser so all symptoms and signs should be looked at together and assessed as a whole.

Child sexual exploitation (CSE)

Working Together to Safeguard Children 2015 (2017 updated version) defines CSE as “...a form of child sexual abuse. It occurs where an individual or group takes advantage of an imbalance of power to coerce, manipulate or deceive a child or young person under the age of 18 into sexual activity (a) in exchange for something the victim needs or wants, and/or (b) for the financial advantage or increased status of the perpetrator or facilitator. The victim may have been sexually exploited even if the sexual activity appears consensual. Child sexual exploitation does not always involve physical contact; it can also occur through the use of technology.”

We will be aware of the possibility of CSE and the signs and symptoms this may manifest as. If we have concerns we will follow the same procedures as for other concerns and we will record and refer as appropriate.

If a child starts to talk openly to an adult about abuse they may be experiencing the procedure below will be followed:

Procedure:

The adult should reassure the child and listen without interrupting if the child wishes to talk
The observed instances will be detailed in a confidential report
The observed instances will be reported to the nursery manager or DSCO
The matter will be referred to the local authority children’s social care team (see reporting procedures).

Adult sexual exploitation

As part of our safeguarding procedures we will also ensure that staff and students are safeguarded from sexual exploitation.

Emotional abuse

Working Together to Safeguard Children defines emotional abuse as the persistent emotional maltreatment of a child such as to cause severe and persistent adverse effects on the child’s emotional development. It may involve conveying to a child that they are worthless or unloved, inadequate, or valued only insofar as they meet the needs of another person. It may include not giving the child opportunities to express their views, deliberately silencing them or ‘making fun’ of what they say or how they communicate. It may feature age or developmentally inappropriate expectations being imposed on children. These may include interactions that are beyond a child’s developmental capability, as well as overprotection and limitation of exploration and learning, or preventing the child participating in normal social interaction. It may involve seeing or hearing the ill-treatment of another. It may involve serious bullying (including cyber bullying), causing children frequently to feel frightened or in danger, or the exploitation or corruption of children. Some level of emotional abuse is involved in all types of maltreatment of a child, though it may occur alone.

Signs that children are being emotionally abused may include shying away from an adult who is abusing them; becoming withdrawn, aggressive or clingy in order to receive their love and attention; not having a close bond with their parent/carer; seem unconfident or anxious, or being aggressive towards others.

Action should be taken if the staff member has reason to believe that there is a severe, adverse effect on the behaviour and emotional development of a child, caused by persistent or severe ill treatment or rejection. Children may also experience emotional abuse through witnessing domestic abuse and alcohol and drug misuse by adults caring for them.

Neglect

Working Together to Safeguard Children defines Neglect as the persistent failure to meet a child's basic physical and/or psychological needs, likely to result in the serious impairment of the child's health or development. Neglect may occur during pregnancy as a result of maternal substance abuse. Once a child is born, neglect may involve a parent or carer failing to:

- a. Provide adequate food, clothing and shelter (including exclusion from home or abandonment)
- b. Protect a child from physical and emotional harm or danger
- c. Ensure adequate supervision (including the use of inadequate caregivers)
- d. Ensure access to appropriate medical care or treatment.

It may also include neglect of, or unresponsiveness to, a child's basic emotional needs.

Signs may include a child persistently arriving at nursery unwashed or unkempt, wearing clothes that are too small (especially shoes that may restrict the child's growth or hurt them), arriving at nursery in the same nappy they went home in or a child having an illness or identified special educational need or disability that is not being addressed by the parent. A child may also be persistently hungry if a parent is withholding food or not providing enough for a child's needs.

Neglect may also be shown through emotional signs, e.g. a child may not be receiving the attention they need at home and may crave love and support at nursery. In addition, neglect may occur through pregnancy as a result of maternal substance abuse.

Action should be taken if the staff member has reason to believe that there has been any type of neglect of a child.

Child Criminal Exploitation (CCE)

Child Criminal Exploitation (CCE) can be described as when an individual, or group, takes advantage of an imbalance of power to coerce, control, manipulate or deceive a child or young person under the age of 18. The victim may have been criminally exploited even if the activity appears consensual. Child Criminal Exploitation does not always involve physical contact; it can also occur through the use of technology.

County Lines

County lines is a term used to describe gangs and organised criminal networks involved in exporting illegal drugs from big cities into smaller towns, using dedicated mobile phone lines or other form of 'deal line.' Customers will live in a different area to where the dealers and networks are based, so drug runners are needed to transport the drugs and collect payment.

They are likely to exploit children and vulnerable adults to move the drugs and money, and they will often use coercion, intimidation, violence (including sexual violence) and weapons.

Signs that a child may be involved in county lines could be a change in behaviour, suddenly having more money or possessions; change in friendship group, withdrawing from family life, sudden change in appearance; unexplained physical injuries, staying out late or a lack of interest in school and previous positive activities.

Cuckooing

Cuckooing is a form of county lines crime in which drug dealers take over the home of a vulnerable person in order to criminally exploit them as a base for drug dealing, often in multi-occupancy or social housing properties. Signs that this is happening in a family property may be an increase in people entering or leaving the property, an increase in cars or bikes outside the home; windows covered or curtains closed for long periods, family not being seen for extended periods; signs of drug use or an increase in anti-social behaviour at the home.

If we recognise any of these signs, we will report our concerns as per our reporting process.

Contextual safeguarding-

As young people grow and develop, they may be vulnerable to abuse or exploitation from outside their family. These extra-familial threats might arise at school and other educational establishments, from within peer groups, or more widely from within the wider community and/or online.

As part of our safeguarding procedures we will work in partnership with parents/carers and other agencies to work together to safeguard children and provide the support around contextual safeguarding concerns.

Domestic Abuse / Honour Based Violence / Forced Marriages

We look at these areas as a child protection concern. Please refer to the separate policy for further details on this.

Extremism – the Prevent Duty

Under the Counter-Terrorism and Security Act 2015 we have a duty to refer any concerns of extremism to the police (In Prevent priority areas the local authority will have a Prevent lead who can also provide support).

Reasons for referral may include a cause for concern relating to a change in behaviour of a child or family member, comments causing concern made to a member of the team (or other persons in the setting) or actions that lead staff to be worried about the safety of a child in their care. We have a Prevent Duty and Radicalisation policy in place. Please refer to this for specific details.

Online Safety

We take the safety of our children very seriously and this includes their online safety. Please refer to the Online Safety policy for further details.

Human Trafficking and Slavery

Please refer to our Human Trafficking and Slavery policy for detail on how we keep children safe in this area.

Adult sexual exploitation

As part of our safeguarding procedures we will also ensure that staff and students are safeguarded from sexual exploitation.

Up skirting

Up skirting involves taking a picture of someone's genitals or buttocks under their clothing without them knowing, either for sexual gratification or in order to humiliate, or distress, the individual. This is a criminal offence and any such action would be reported following our reporting procedures.

Child abuse linked to faith or belief (CALFB)

Child abuse linked to faith or belief (CALFB) can happen in families when there is a concept of belief in:

- Witchcraft and spirit possession, demons or the devil acting through children or leading them astray (traditionally seen in some Christian beliefs)
- The evil eye or djinns (traditionally known in some Islamic faith contexts) and dakini (in the Hindu context)
- Ritual or multi murders where the killing of children is believed to bring supernatural benefits, or the use of their body parts is believed to produce potent magical remedies
- Use of belief in magic or witchcraft to create fear in children to make them more compliant when they are being trafficked for domestic slavery or sexual exploitation.

This is not an exhaustive list and there will be other examples where children have been harmed when adults think that their actions have brought bad fortune.

Reporting Procedures

All staff have a responsibility to report safeguarding concerns and suspicions of abuse. These concerns will be discussed with the designated safeguarding coordinator (DCSO) as soon as possible.

- Staff will report their concerns to the DCSO **Khadijeh Nanji** (in the absence of the DCSO they will be reported to the Deputy DCSO – Cheryl Caderamanple)
- Any signs of marks/injuries to a child or information a child has given will be recorded and stored securely
- For children who arrive at nursery with an existing injury, a form will be completed along with the parent's/ carer's explanation as to how the injury happened. Staff will have professional curiosity around any explanations given, any concerns around existing injury's will be reported.
- If appropriate, any concerns/incidents will be discussed with the parent/carer, such discussions will be recorded, and the parent will have access to these records on request in line with GDPR and data protection guidelines
- If there are queries/concerns regarding the injury/information given, then the following procedures will take place:

The designated safeguarding lead will:

- Contact the Local Authority children's social care team to report concerns and seek advice immediately, or as soon as it is practical to do so. If it is believed a child is in immediate danger, we will contact the police. If the safeguarding concern relates to an allegation against an adult working or volunteering with children, then the DSL will follow the reporting allegations procedure (see below).
- Record the information and action taken relating to the concern raised
- Speak to the parents (unless advised not to do so by LA children's social care team)
- The designated safeguarding lead will follow up with the Local Authority children's social care team if they have not contacted the setting within the timeframe set out in Working Together to Safeguarding Children (2018). We will never assume that action has been taken.

Keeping children safe is our highest priority and if, for whatever reason, staff do not feel able to report concerns to the DCSO or deputy DCSO they should call the Local Authority Children's social care team or the NSPCC and report their concerns anonymously.

These contact numbers are displayed on the **staff cupboard in the classroom**

Responding to a spontaneous disclosure from a child

If a child starts to talk openly to a member of staff about abuse, they may be experiencing then staff will:

- Give full attention to the child or young person
- Keep body language open and encouraging
- Be compassionate, be understanding and reassure them their feelings are important. Phrases such as 'you've shown such courage today'
- Take time and slow down: we will respect pauses and will not interrupt the child – let them go at their own pace
- Recognise and respond to their body language
- Show understanding and reflect back
- Make it clear you are interested in what the child is telling you
- Reflect back what they have said to check your understanding – and use their language to show it's their experience
- Reassure the child that they have done the right thing in telling you. Make sure they know that abuse is never their fault
- Never talk to the alleged perpetrator about the child's disclosure. This could make things a lot worse for the child.

(Information taken from NSPCC)

Any disclosure will be reported to the nursery manager or DSL and will be referred to the local authority children's social care team immediately, following our reporting procedures.

Recording Suspicions of Abuse and Disclosures

Staff should make an objective record of any observation or disclosure, supported by the nursery manager or Designated Safeguarding Co-ordinator (DSCO). This record should include:

- Child's name
- Child's address
- Age of the child and date of birth
- Date and time of the observation or the disclosure, location
- Exact words spoken by the child (word for word) and non-verbal communication
- Exact position and type of any injuries or marks seen
- Exact observation of any incident including any concern was reported, with date and time; and the names of any other person present at the time
- Any discussion held with the parent(s) (where deemed appropriate).

These records should be signed by the person reporting this and the manager, dated and kept in a separate confidential file.

If a child starts to talk to an adult about potential abuse it is important not to promise the child complete confidentiality. This promise cannot be kept. It is vital that the child is allowed to talk openly and disclosure is not forced or words put into the child's mouth. As soon as possible after the disclosure details must be logged accurately. It is not the nursery's role to investigate, it is the role of statutory services to complete this.

It may be thought necessary that through discussion with all concerned the matter needs to be raised with the local authority children's social care team and Ofsted. Staff involved may be asked to supply details of any information/concerns they have with regard to a child. The nursery expects all members of staff to co-operate with the local authority children's social care, police, and Ofsted in any way necessary to ensure the safety of the children.

Staff must not make any comments either publicly or in private about the supposed or actual behaviour of a parent or member of staff.

Informing parents

Parents are normally the first point of contact. If a suspicion of abuse is recorded, parents are informed at the same time as the report is made, except where the guidance of the LSCB/ local authority children's social care team/police does not allow this. This will usually be the case where the parent or family member is the likely abuser or where a child may be endangered by this disclosure. In these cases, the investigating officers will inform parents.

Confidentiality

All suspicions, enquiries and external investigations are kept confidential and shared only with those who need to know. Any information is shared in line with guidance from the LSCB. All staff, students and volunteers are bound by confidentiality and any information will not be discussed out of work, or this will become a disciplinary matter.

The Nursery has due regard to the data protection principles as in the Data Protection Act 2018 and General Data Protection Regulations (GDPR) . These do not prohibit the collection and sharing of personal information, even without consent if this would put the child at further risk.

We will follow the principles around data collection and information sharing, and ensure any information is recorded and shared in an appropriate way.

Support to families

The nursery takes every step in its power to build up trusting and supportive relations among families, staff, students and volunteers within the nursery.

The nursery continues to welcome the child and the family whilst enquiries are being made in relation to abuse in the home situation. Parents and families will be treated with respect in a non-judgmental manner whilst any external investigations are carried out in the best interest of the child.

Confidential records kept on a child are shared with the child's parents or those who have parental responsibility for the child, only if appropriate in line with guidance of the LSCB with the proviso that the care and safety of the child is paramount. We will do all in our power to support and work with the child's family.

Record Keeping

Confidential records kept on a child are shared with the child's parents or those who have parental responsibility for the child, only if appropriate and in line with guidance of the local authority with the proviso that the care and safety of the child is paramount. We will do all in our power to support and work with the child's family.

The Nursery keeps appropriate records to support the early identification of children and families that would benefit from support. Factual records are maintained in a chronological order with parental discussions. Records are reviewed regularly by the DSL to look holistically at identifying children's needs.

Allegations against adults working or volunteering with children

Allegations

If an allegation is made against a member of staff, student or volunteer or any other person who lives or works on the nursery premises regardless of whether the allegation relates to the nursery premises or elsewhere, we will follow the procedure below.

The allegation should be reported to the senior manager on duty. If this person is the subject of the allegation, then this should be reported to the owner instead.

The Local Authority Designated Officer (LADO), Ofsted and the LSCB will then be informed immediately in order for this to be investigated by the appropriate bodies promptly:

- The LADO will be informed immediately for advice and guidance
- If as an individual, you feel this will not be taken seriously or are worried about the allegation getting back to the person in question then it is your duty to inform the LADO yourself directly
- A full investigation will be carried out by the appropriate professionals (LADO, Ofsted, LSCB) to determine how this will be handled

- The nursery will follow all instructions from the LADO, Ofsted, LSCB and ask all staff members to do the same and co-operate where required
- Support will be provided to all those involved in an allegation throughout the external investigation in line with LADO support and advice
- The nursery reserves the right to suspend any member of staff during an investigation, legal advice will be sought to ensure compliance with the law.
- All enquiries/external investigations/interviews will be documented and kept in a locked file for access by the relevant authorities
- Unfounded allegations will result in all rights being reinstated
- Founded allegations will be passed on to the relevant organisations including the local authority children's social care team and where an offence is believed to have been committed, the police, and will result in the termination of employment. Ofsted will be notified immediately of this decision. The nursery will also notify the Disclosure and Barring Service (DBS) to ensure their records are updated
- All records will be kept until the person reaches normal retirement age or for 21 years and 3 months years if that is longer. This will ensure accurate information is available for references and future DBS checks and avoids any unnecessary reinvestigation
- The nursery retains the right to dismiss any member of staff in connection with founded allegations following an inquiry
- Unfounded allegations will result in all rights being reinstated
- A return to work plan will be put in place for any member of staff returning to work after an allegation has been deemed unfounded. Individual support will be offered to meet the needs of the individual staff member and the nature of the incident; this may include more frequent supervisions, coaching and mentoring and external support.

Monitoring children's attendance

As part of our requirements under the statutory framework and guidance documents we are required to monitor children's attendance patterns to ensure they are consistent and no cause for concern.

Parents should please inform the nursery prior to their children taking holidays or days off, and all incidents of sickness absence should be reported to the nursery the same day, so the nursery management are able to account for a child's absence.

This should not stop parents taking precious time with their children, by keeping us informed parents can help us to meet our statutory requirements and let us know that children are safe.

If a child has not arrived at nursery within one hour of their normal start time the parents will be called to ensure the child is safe and healthy. If the parents are not contactable then the emergency contacts numbers listed will be used to ensure all parties are safe. Staff will work their way down the emergency contact list until contact is established and we are made aware that all is well with the child and family. It is a parent's responsibility to keep their emergency contact details updated.

Where a child is part of a child protection plan, or during a referral process, any absences will immediately be reported to the local authority children's social care team to ensure the child remains safe and well.

Looked after children

As part of our safeguarding practice we will ensure our staff are aware of how to keep looked after children safe. In order to do this we ask that we are informed of:

- The legal status of the child (e.g. whether the child is being looked after under voluntary arrangements with consent of parents or on an interim or full care order)
- Contact arrangements for the biological parents (or those with parental responsibility)
- The child's care arrangements and the levels of authority delegated to the carer by the authority looking after him/her
- The details of the child's social worker and any other support agencies involved
- Any child protection plan or care plan in place for the child in question.

Please refer to the Looked After Children policy for further details.

Staffing and volunteering

Our policy is to provide a secure and safe environment for all children. We only allow an adult who is employed by the nursery to care for children and who has an enhanced clearance from the Disclosure and Barring Service (DBS) to be left alone with children. We will obtain enhanced criminal records checks (DBS) for all volunteers and do not allow any volunteers to be unsupervised with children.

All staff will attend child protection training and receive initial basic child protection training during their induction period. This will include the procedures for spotting signs and behaviours of abuse and abusers/potential abusers, recording and reporting concerns and creating a safe and secure environment for the children in the nursery. During induction staff will be given contact details for the LADO (local authority designated officer), the local authority children's services team, the Local Safeguarding Children Board (LSCB) and Ofsted to enable them to report any safeguarding concerns, independently, if they feel it necessary to do so.

Designated Safeguarding Lead

We have named persons within the nursery who take lead responsibility for safeguarding and co-ordinate child protection and welfare issues, known as the Designated Safeguarding Leads (DSL), there is always at least one designated person on duty during all opening hours of the setting.

These designated persons will receive comprehensive training at least every two years and update their knowledge on an ongoing basis, but at least once a year.

The nursery DSL's liaise with the Local Safeguarding Children Board (LSCB) and the local authority children's social care team, undertakes specific training, including a child protection

training course, and receives regular updates to developments within this field. They in turn support the ongoing development and knowledge update of all staff on the team.

Although, under the EYFS, we are only required to have one designated Lead Co-ordinator for safeguarding, for best practice and to ensure cover at all times, we have two/three designated leads in place. This enables safeguarding to stay high on our priorities at all times. There will always be at least one designated Co-ordinator on duty at all times our provision is open. This will ensure that prompt action can be taken if concerns are raised.

The Designated Safeguarding leads (DSL) at the nursery are: Khadijeh Nanji & Cheryl Caderamanpulle

The role of the Designated Safeguarding Lead:

Ensure that the settings safeguarding policy and procedures are reviewed and developed in line with current guidance; and develop staff understanding of the settings safeguarding policies

- Take the lead on responding to information from the staff team relating to child protection concerns
- Provide advice, support and guidance on an on-going basis to staff, students and volunteers.
- To identify children who may need early help or who are at risk of abuse
- To help staff to ensure the right support is provided to families
- To liaise with the local authority and other agencies with regard to child protection concerns
- Ensure the setting is meeting the requirements of the EYFS Safeguarding requirements
- To ensure policies are in line with the local safeguarding procedures and details
- Disseminate updates to legislation to ensure all staff are kept up to date with safeguarding practices
- To manage and monitor accidents, incidents and existing injuries; ensuring accurate and appropriate records are kept
- Attend meetings with the child's key person
- Attend case conferences and external safeguarding meetings, as requested, by external agencies.
-

The Nursery safeguards children and staff by:

- Informing applicants for posts within the nursery that the positions are exempt from the Rehabilitation of Offenders Act 1974. Candidates are informed of the need to carry out checks before posts can be confirmed. Where applications are rejected because of information that has been disclosed, applicants have the right to know and to challenge incorrect information
- Giving staff members, volunteers and students regular opportunities during supervisions and having an open door policy to declare changes that may affect their suitability to care for the children. This includes information about their health, medication or about changes in their home life such as child protection plans for their own children.

- We give staff members, volunteers and students regular opportunities to declare changes that may affect their suitability to care for the children. This includes information about their health, medication or about changes in their home life such as child protection plans for their own children
- This information is also stated within every member of staff's contract
- We request DBS checks on a regular basis/or we use the DBS update service (with staff consent) to re-check staff's criminal history and suitability to work with children
- We abide by the requirements of the EYFS and any Ofsted guidance in respect to obtaining references and suitability checks for staff, students and volunteers, to ensure that all staff, students and volunteers working in the setting are suitable to do so
- We ensure we receive at least two written references BEFORE a new member of staff commences employment with us
- All students will have enhanced DBS checks conducted on them before their placement starts
- Volunteers, including students, do not work unsupervised
- We abide by the requirements of the Safeguarding Vulnerable Groups Act 2006 and the Childcare Act 2006 in respect of any person who is disqualified from providing childcare, is dismissed from our employment, or resigns in circumstances that would otherwise have led to dismissal for reasons of child protection concern
- We have procedures for recording the details of visitors to the nursery and take security steps to ensure that we have control over who comes into the nursery so that no unauthorised person has unsupervised access to the children
- All visitors/contractors will be supervised whilst on the premises, especially when in the areas the children use
- As a staff team we will be fully aware of how to safeguard the whole nursery environment and be aware of potential dangers on the nursery boundaries such as drones, Pokémon hotspots, strangers lingering. We will ensure the children remain safe at all times
- The Staff Behaviour Policy sits alongside this policy to enable us to monitor changes in behaviours that may cause concern. All staff sign up to this policy too to ensure any changes are reported to management, so we are able to support the individual staff member and ensure the safety and care of the children is not compromised
- Ensuring that staff are aware not to contact parents/carers and children through social media on their own personal social media accounts and they will report any such incidents to the management team to deal with
- All staff have access to and comply with the whistleblowing policy which will enable them to share any concerns that may arise about their colleagues in an appropriate manner. We encourage a culture of openness and transparency, and all concerns are taken seriously.
- Signs of inappropriate staff behaviour may include inappropriate sexual comments; excessive one-to-one attention beyond the requirements of their usual role and responsibilities; or inappropriate sharing of images. This is not an exhaustive list, any changes in behaviour must be reported and acted upon immediately

- All staff will receive regular supervision meetings where opportunities will be made available to discuss any issues relating to individual children, child protection training and any needs for further support
- We use peer on peer and manager observations in the setting to ensure that the care we provide for children is at the highest level and any areas for staff development are quickly highlighted. Peer observations allow us to share constructive feedback, develop practice and build trust so that staff are able to share any concerns they may have. Any concerns are raised with the designated lead and dealt with in an appropriate and timely manner
- The deployment of staff within the nursery allows for constant supervision and support. Where children need to spend time away from the rest of the group, the door will be left ajar or other safeguards will be put into action to ensure the safety of the child and the adult.

We also operate a Phones and Other Electronic Devices and Social Media policy which states how we will keep children safe from these devices whilst at nursery. This also links to our Online Safety policy.

Our nursery has a clear commitment to protecting children and promoting welfare. Should anyone believe that this policy is not being upheld, it is their duty to report the matter to the attention of the nursery manager.

Early help services

When a child and/or family would benefit from support but do not meet the threshold for Local Authority Social Care Team, a discussion will take place with the family around early help services.

Early help provides support as soon as a concern/area of need emerges, helping to improve outcomes and prevent escalation onto local authority services. Sometimes concerns about a child may not be of a safeguarding nature and relate more to their individual family circumstances. The nursery will work in partnership with parents/carers to identify any early help services that would benefit your child or your individual circumstances, with your consent, this may include family support, foodbank support, counselling or parenting services.

Covid-19

We will continue to follow our comprehensive safeguarding policy and procedure.

In addition, we will follow the specific government Covid-19 safeguarding in schools document: www.gov.uk/government/publications/covid-19-safeguarding-in-schools-colleges-and-other-providers

This policy was adopted on	Signed on behalf of the nursery	Date for review
<i>October 2020</i>	<i>Khadijeh Naji</i>	<i>October 2021</i>

1b. Online Safety Policy

EYFS: 3.4-3.7

Our nursery is aware of the growth of internet use and the advantages this can bring. However, it is also aware of the dangers and strives to support children, staff and families in using the internet safely.

Keeping Children Safe in Education states *“The breadth of issues classified within online safety is considerable, but can be categorised into three areas of risk:*

- ✓ *content: being exposed to illegal, inappropriate or harmful material;*
- ✓ *contact: being subjected to harmful online interaction with other users;*
and
- ✓ *conduct: personal online behaviour that increases the likelihood of, or causes, harm”*

The Designated Safeguarding Lead is ultimately responsible for online safety concerns. All concerns need to be raised as soon as possible to **Khadijeh Nanji & Cheryl Caderamanpulle**.

Within the nursery we aim to keep children (and staff) safe online by:

- Ensuring we have appropriate antivirus and anti-spyware software on all devices and update them regularly
- Ensuring content blockers and filters are on all our devices, e.g. computers, laptops, tablets and any mobile devices
- Keeping passwords safe and secure, not sharing or writing these down. These will be changed at least every term to keep the devices secure
- Ensure management monitor all internet activities in the setting
- Providing secure storage of all nursery devices at the end of each day
- Ensuring no social media or messaging apps are installed on nursery devices
- Management reviewing all apps or games downloaded to tablets to ensure all are age appropriate for children and safeguard the children and staff
- Using only nursery devices to record/photograph children in the setting
- Never emailing personal or financial information
- Reporting emails with inappropriate content to the internet watch foundation (IWF www.iwf.org.uk)
- Ensuring children are supervised when using internet devices
- Using tracking software to monitor suitability of internet usage (for older children)
- Not permitting staff or visitors access to the nursery Wi-Fi
- Integrating online safety into nursery daily practice by discussing computer usage ‘rules’ deciding together what is safe and what is not safe to do online
- Talking to children about ‘stranger danger’ and deciding who is a stranger and who is not, comparing people in real life situations to online ‘friends’

- When using Skype and FaceTime (where applicable) discussing with the children what they would do if someone they did not know tried to contact them
- Provide training for staff who need this to keep children safe online. We encourage staff to complete an online safety course which can be found at <https://moodle.ndna.org.uk>
- Ensuring all staff abide by an acceptable use policy; instructing staff to use the work IT equipment for matters relating to the children and their education and care. No personal use will be tolerated (see acceptable IT use policy)
- Children's screen time is monitored to ensure they remain safe online and have access to material that promotes their development. We will ensure that their screen time is within an acceptable level and is integrated within their programme of learning.
- The nursery is aware of the need to manage our digital reputation, including the appropriateness of information and content that we post online, both professionally and personally. This is continually monitored by the setting's management.

All electronic communications between staff and parents should be professional and take place via the official nursery communication channels, e.g. the setting's email addresses and telephone numbers. This is to protect staff, children and parents.

If any concerns arise relating to online safety, then we will follow our safeguarding policy and report all online safety concerns to the DSL.

The DSL will make sure that:

- All staff know how to report a problem and when to escalate a concern, including the process for external referral if they feel it is needed
- All concerns are logged, assessed and actioned upon using the Nursery's Safeguarding procedure
- Parents are supported to develop their knowledge of online safety issues concerning their children via [insert examples from own nursery]
- Parents are offered support to help them talk about online safety with their children using appropriate resources
- Parents are signposted to appropriate sources of support regarding online safety at home and are fully supported to understand how to report an online safety concern.
- Staff have access to information and guidance for supporting online safety, both personally and professionally
- The Professionals Online Safety Helpline (0344 381 4772 or helpline@saferrinternet.org.uk) is shared with all staff and used if any concerns arise

Covid-19

We will continue to follow our online safety policy.

Where we are still using online platforms, such as Zoom, to engage with children, staff and parents, we will ensure that we have permission to contact them through this way detailing how it is used, for example if recorded, as required.

We will also ensure that we set up a secure log-in using a standard username and password or SAML single sign-on, with secured schedule meetings, that require a password.

We will continue to share information with parents about online safety and direct them to resources recommended by the government such as e-bug and PHE schools resources.

This policy was adopted on	Signed on behalf of the nursery	Date for review
<i>October 2020</i>	<i>Khadijeh Nauji</i>	<i>October 2021</i>

1c. Modern Slavery and Human Trafficking Policy

EYFS: 3.6, 3.7

Legislation

The Modern Slavery Act received Royal Assent on 26 March 2015. The act consolidates slavery and trafficking offenses and introduces tougher penalties and sentencing rules.

Background

Child trafficking and modern slavery is becoming a more frequent form of child abuse. Children are recruited, moved, transported and then exploited, forced to work or are sold on. Modern slavery is a term that covers:

- Slavery
- Servitude and forced or compulsory labour
- Human trafficking.

Victims of modern slavery are also likely to be subjected to other types of abuse such as physical, sexual and emotional abuse. This policy should be used alongside the following policies to ensure all children, staff, parents and visitors are fully safeguarded:

- Safeguarding and child protection
- Whistleblowing
- Equality and inclusion

For an adult or child to have been a victim of human trafficking there must have been:

- *Action* (e.g. recruitment, transportation, transfer, harbouring or receipt of a child for the purpose of exploitation)
- *Means* (threat or use of force, coercion, abduction, abuse of power or vulnerability) There does not need to be “means” for children as they are not able to give informed consent
- *Purpose* (e.g. sexual exploitation, forced labour or domestic servitude, slavery, financial exploitation, illegal adoption, removal of organs).

Signs of abuse

Action should be taken if they appear to have some of these possible signs including; under the control of someone else and reluctant to interact with others, the victim has few personal belongings and wear the same clothes every day or wear unsuitable clothes for work. The victim is not able to move around freely and is reluctant to talk to strangers or the authorities including appearing frightened, withdrawn, or show signs of physical or psychological abuse.

Procedure:

When a concern is raised about slavery or trafficking then we will follow our safeguarding procedure. If the child (or adult) is at risk of immediate harm then the police will be called, otherwise the local authority will be contacted, and the referral process will be followed as per the safeguarding procedure.

If we suspected and it wasn't possible to have a confidential conversation, we wouldn't confront them or cause a scene, as this will likely lead to increased harm for them. Instead we would inform the relevant authorities, or organisations, working in the field.

If you are in the UK and suspect someone might be in slavery, you have several options:

- Call the Modern Slavery Helpline on 08000 121 700 or fill out an online form.
- Contact Crime stoppers on 0800 555 111
- Contact the Police or local children social care teams.

This policy was adopted on	Signed on behalf of the nursery	Date for review
<i>October 2020</i>	<i>Khadijah Nanyji</i>	<i>October 2021</i>

1d. Prevent Duty and Radicalisation policy

EYFS: 3.4, 3.6, 3.7

Extremism – the Prevent Duty

Working Together to Safeguard Children (2018) defines extremism. It states “*Extremism goes beyond terrorism and includes people who target the vulnerable – including the young – by seeking to sow division between communities on the basis of race, faith or denomination; justify discrimination towards women and girls; persuade others that minorities are inferior; or argue against the primacy of democracy and the rule of law in our society.*”

Extremism is defined in the Counter Extremism Strategy 2015 as the vocal or active opposition to our fundamental values, including the rule of law, individual liberty and the mutual respect and tolerance of different faiths and beliefs. We also regard calls for the death of members of our armed forces as extremist”

Under the Counter-Terrorism and Security Act 2015 we have a duty to refer any concerns of extremism to the police (In Prevent priority areas the local authority will have a Prevent lead who can also provide support).

This may be a cause for concern relating to a change in behaviour of a child, family member or adult working with the children in the setting, comments causing concern or actions that lead staff to be worried about the safety of a child in their care.

Alongside this we will be alert to any early signs in children and families who may be at risk of radicalisation, on which we will act and document all concerns when reporting further.

The NSPCC states that signs of radicalisation may be:

- isolating themselves from family and friends
- talking as if from a scripted speech
- unwillingness or inability to discuss their views
- a sudden disrespectful attitude towards others
- increased levels of anger
- increased secretiveness, especially around internet use.

We will tackle radicalisation by:

- Training all staff to understand what is meant by the Prevent Duty and radicalisation
- Ensuring staff understand how to recognise early indicators of potential radicalisation and terrorism threats and act on them appropriately in line with national and local procedures
- Make any referrals relating to extremism to the police (or the Government helpline) in a timely way, sharing relevant information as appropriate
- Ensure our nursery is an inclusive environment, tackle inequalities and negative points of view and teach children about tolerance through British Values

- Using the Government document Prevent Duty Guidance for England and Wales¹

1e. Domestic Abuse, Honour Based Violence and Forced Marriage policy

EYFS: 3.4, 3.6,
3.7

The official definition of domestic abuse is: “*any incident or pattern of incidents of controlling, coercive or threatening behaviour, violence or abuse between those aged 16 or over who are or have been intimate partners or family members regardless of gender or sexuality. In practice domestic abuse is the abuse of power and control over one person by another and can take many different forms, including physical, sexual, emotional, verbal and financial abuse.*”

Domestic abuse can happen to anyone regardless of gender, age, social background, religion, sexuality or ethnicity, and domestic abuse can happen at any stage in a relationship.

We aim to develop staff knowledge of recognising the signs and symptoms of domestic violence. These **signs** may include:

- Changes in behaviour: for example, becoming very quiet, anxious, frightened, tearful, aggressive, distracted, depressed etc.
- Visible bruising or single, or repeated, injury with unlikely explanations
- Change in the manner of dress: for example, clothes that do not suit the climate which may be used to hide injuries
- Partner or ex-partner stalking employee/parent in or around the workplace; this may include excessive phone calls or messages
- Partner or ex-partner exerting an unusual amount of control or demands over work schedule
- Frequent lateness or absence from work.

We will raise awareness of domestic abuse within our setting by:

- Sharing information with external organisations that can offer support with incidents of domestic violence. The information will be displayed in visible spaces within the setting
- Providing all staff with the telephone number for the free 24 hour National Domestic Violence Helpline (0808 2000 247)
- Sharing our domestic abuse policy and Child Protection and Safeguarding policies with all stakeholders.

The Domestic Violence, Crime and Victims Act 2004 extended provisions to help stop domestic abuse. It created a new offence "causing or allowing the death of a child or vulnerable adult". This Act was amended in 2012 (Domestic Violence, Crime and Victims (Amendment) Act 2012) to include 'causing or allowing serious physical harm (equivalent to grievous bodily harm) to a child or vulnerable adult'

If we are concerned that domestic violence is happening within a home and a child is at risk, we will follow our safeguarding policies' reporting procedures (see Child Protection policy).

Where incidents of domestic violence are shared by an employee or parent/carer, we will respect confidentiality at all times and not share information without their permission. However, we will share this information, without permission, in cases of child protection or where we believe there is an immediate risk of serious harm to the person involved.

Honour based violence

Honour based violence (HBV) can be described as ‘a collection of practices, which are used to control behaviour within families or other social groups to protect perceived cultural and religious beliefs and/or honour’; such as being held against their will, sexual or psychological abuse, threats of violence, assault or forced marriage.

Such violence can occur when perpetrators perceive that a relative has shamed the family and/or community by breaking their honour code. It is a violation of human rights and may be a form of domestic and/or sexual violence. There is no honour or justification for abusing the human rights of others.

We aim to develop staff knowledge of recognising the signs and symptoms of HBV. These signs may include:

- Changes in how they dress or act, they may stop wearing ‘western’ clothing or make-up
- Visible injuries, or repeated injury, with unlikely explanations.
- Signs of depression, anxiety or self-harm
- Frequent absences
- Restrictions on friends or attending events.

We will raise awareness of domestic abuse within our setting by:

- Sharing information with external organisations that can offer support with incidents of HBV. The information will be displayed in visible spaces within the setting
- Sharing our HBV, child protection and safeguarding policies with all stakeholders.

Where incidents of HBV are shared by an employee or parent/carer, we will respect confidentiality at all times and not share information without their permission. However, we will share this information without permission in cases of child protection, or where we believe there is an immediate risk of serious harm to the person involved.

Forced Marriage

A forced marriage is defined as ‘a marriage in which one, or both spouses, do not consent to the marriage but are coerced into it. Duress can include physical, psychological, financial, sexual and emotional pressure. In the cases of some vulnerable adults who lack the capacity to consent, coercion is not required for a marriage to be forced’.

If we suspect or receive information about a forced marriage being planned, then we will follow our safeguarding reporting procedures. If the person concerned is under the age of 18 years, then we will report the incident to the children's social care team.

If we believe a person is in imminent danger of being forced into a marriage, we may contact the Police and the Governments Forced Marriage Unit (FMU) on 020 7008 0151.

This policy was adopted on	Signed on behalf of the nursery	Date for review
<i>October 2020</i>	<i>Khadijeh Nanyji</i>	<i>October 2021</i>

1 f. Intimate Care

EYFS: 3.1, 3.6, 3.27 3.20
3.64

At Step By Step Montessori Ltd. we believe that all children need contact with familiar, consistent carers to ensure they can grow and develop socially and emotionally. At times children need to be cuddled, encouraged, held and offered physical reassurance.

Intimate care routines are essential throughout the day to meet children's basic needs. This may include nappy changing, supporting children with toileting, changing clothes, and giving first aid treatment and specialist medical support, where required.

In order to maintain the child's privacy, we will carry out the majority of these actions on a one-to-one basis, wherever possible, by the child's key person with the exception of first aid treatment which must be carried out by a qualified first aider.

We wish to ensure the safety and welfare of children during intimate care routines and safeguard them against any potential harm as well as ensuring the staff member involved is fully supported and able to perform their duties safely and confidently. We aim to support all parties through the following actions:

- Promoting consistent and caring relationships through the key person system in the nursery and ensuring all parents understand how this works
- Ensuring all staff undertaking intimate care routines have suitable enhanced DBS checks
- Training all staff in the appropriate methods for intimate care routines and arranging specialist training where required, i.e. first aid training, specialist medical support
- Conducting thorough inductions for all new staff to ensure they are fully aware of all nursery procedures relating to intimate care routines
- Following up procedures through supervision meetings and appraisals to identify any areas for development or further training
- Working closely with parents on all aspects of the child's care and education as laid out in the parent and carers as partners policy. This is essential for intimate care routines which require specialist training or support. If a child requires specific support the nursery will arrange a meeting with the parent to discover all the relevant information relating to this to enable the staff to care for the child fully and meet their individual needs
- Ensuring all staff have an up-to-date understanding of safeguarding/child protection and how to protect children from harm. This will include identifying signs and symptoms of abuse and how to raise these concerns as set out in the safeguarding/child protection policy
- Operating a whistleblowing policy to help staff raise any concerns about their peers or managers; and helping staff develop confidence in raising worries as they arise in order to safeguard the children in the nursery

- Conducting working practice observations on all aspects of nursery operations to ensure that procedures are working in practice and all children are supported fully by the staff. This includes intimate care routines
- Conducting regular risk assessments on all aspects of the nursery operation including intimate care and reviewing the safeguards in place. The nursery has assessed all the risks relating to intimate care routines and has placed appropriate safeguards in place to ensure the safety of all involved.

If any parent or member of staff has concerns or questions about intimate care procedures or individual routines, please see the manager at the earliest opportunity.

Covid-19

We will continue to ensure that all children's intimate care routines are met following safe practices, as stipulated in the health and safety and infection control policies, including the use of PPE.

This policy was adopted on	Signed on behalf of the nursery	Date for review
<i>October 2020</i>	<i>Khadijah Nanyji</i>	<i>October 2021</i>

1 g. Safe Care and Respectful Care

EYFS: 3.1, 3.6

At Step By Step Montessori Ltd. we believe that all children need to feel safe, secure and happy. This involves nursery staff being responsive to children's needs, whilst maintaining professionalism. This includes giving children cuddles and changing children's nappies or clothes.

To promote good practice and to minimise the risk of allegations we have the following guidelines:

- Although we recognise it is appropriate to cuddle children, we give cuddles only when sought by children needing comfort to support their emotional development. Staff are advised to do this in view of other children and practitioners, whenever possible. We recognise that there may be occasions where it is appropriate for this to happen away from others, such as when a child is ill. In these circumstances, staff are advised to leave the door open. It is the duty of all staff and the manager to ensure that children are appropriately comforted and to monitor practice
- When changing children's nappies or soiled/wet clothing, we leave the doors open, where appropriate
- We discourage inappropriate behaviour such as over tickling, over boisterous play or inappropriate questions such as asking children to tell them they love them and we advise staff to report any such observed practice
- Staff are respectful of each other and the children and families in the nursery and do not use inappropriate language or behaviour, including during breaks
- All staff are aware of the whistleblowing procedures and the manager carries out random checks throughout the day to ensure safe practices.

If a parent or member of staff has concerns or questions about safe care and practice procedures or behaviour they consider as inappropriate, including between staff members, they are urged to see the manager at the earliest opportunity. Management will challenge inappropriate behaviour in line with the supervision/ disciplinary or whistleblowing procedures. If the concern relates to the manager and/or nursery owner, then parents should contact Ofsted **0300 123 1231** or the local authority children's social care team **020 8359 4066**.

This policy was adopted on	Signed on behalf of the nursery	Date for review
<i>October 2020</i>	<i>Khadijah Nanyji</i>	<i>October 2021</i>

1 h. Whistleblowing

EYFS: 3.4 – 3.18 and 3.22

At Step By Step Montessori Ltd. we expect all our colleagues, both internal and external, to be professional at all times and hold the welfare and safety of every child as their paramount objective.

We recognise that there may be occasions where this may not happen, and we have in place a procedure for staff to disclose any information that suggests children's welfare and safety may be at risk.

We expect all team members to talk through any concerns they may have with their line manager at the earliest opportunity to enable any problems to be resolved as soon as they arise.

Legal framework

The Public Interest Disclosure Act 1998, commonly referred to as the 'Whistleblowing Act', amended the Employment Rights Act 1996 to provide protection for employees who raise legitimate concerns about specified matters. These are called 'qualifying disclosures'. On 25 June 2013, there were some legal changes to what constitutes a qualifying disclosure.

A qualifying disclosure is one made in the public interest by an employee who has a reasonable belief that:

- A criminal offence
- A miscarriage of justice
- An act creating risk to health and safety
- An act causing damage to the environment
- A breach of any other legal obligation or
- Concealment of any of the above
- Any other unethical conduct
- An act that may be deemed as radicalised or a threat to national security

Is being, has been, or is likely to be, committed.

Qualifying disclosures made before 25 June 2013 must have been made 'in good faith' but when disclosed, did not necessarily have to have been made 'in the public interest.'

Disclosures made after 25 June 2013 do not have to be made 'in good faith'; however, they must be made in the public interest. This is essential when assessing a disclosure made by an individual.

The Public Interest Disclosure Act has the following rules for making a protected disclosure:

- You must believe it to be substantially true
- You must not act maliciously or make false allegations
- You must not seek any personal gain.

It is not necessary for the employee to have proof that such an act is being, has been, or is likely to be, committed; a reasonable belief is sufficient.

Disclosure of information

If, in the course of your employment, you become aware of information which you reasonably believe indicates that a child is/may be or is likely to be in risk of danger and/or one or more of the following may be happening, you **MUST** use the nursery's disclosure procedure set out below:

- That a criminal offence has been committed or is being committed or is likely to be committed
- That a person has failed, is failing or is likely to fail to comply with any legal obligation to which they are subject (e.g. EYFS, Equalities Act 2010)
- That a miscarriage of justice has occurred, is occurring, or is likely to occur
- That the health or safety of any individual has been, is being, or is likely to be endangered
- That the environment, has been, is being, or is likely to be damaged
- That information tending to show any of the above, has been, is being, or is likely to be deliberately concealed.

Disclosure procedure

- If this information relates to child protection/safeguarding then the nursery safeguarding children policy should be followed, with particular reference to the staff and volunteering section
- Where you reasonably believe one or more of the above circumstances listed above has occurred, you should promptly disclose this to your manager so that any appropriate action can be taken. If it is inappropriate to make such a disclosure to your manager (i.e. because it relates to your manager) you should speak to the deputy manager
- Employees will suffer no detriment of any sort for making such a disclosure in accordance with this procedure. For further guidance in the use of the disclosure procedure, employees should speak in confidence to the nursery owner
- Any disclosure or concerns raised will be treated seriously and will be dealt with in a consistent and confidential manner and will be followed through in a detailed and thorough manner
- Any employee who is involved in victimising employees who make a disclosure, takes any action to deter employees from disclosing information or makes malicious allegations in bad faith will be subject to potential disciplinary action which may result in dismissal
- Failure to report serious matters can also be investigated and potentially lead to disciplinary action which may result in dismissal
- Any management employee who inappropriately deals with a whistleblowing issue (e.g. failing to react appropriately by not taking action in a timely manner or disclosing confidential information) may be deemed to have engaged in gross misconduct which could lead to dismissal
- We give all of our staff the telephone numbers of the Local Authority Designated Officer (LADO), the local authority children's social care team, the Local Safeguarding

Children Board (LSCB) and Ofsted so all staff may contact them if they cannot talk to anyone internally about the issues/concerns observed.

This policy was adopted on	Signed on behalf of the nursery	Date for review
<i>October 2020</i>	<i>Khadijeh Naji</i>	<i>October 2021</i>

1 i. Mobile Phone and Electronic Device Use

EYFS: 2.1 & 3.4

This policy refers to all electronic devices able to take pictures, record videos, send or receive calls and messages. This includes cameras, mobile telephones, tablets and any recording devices including smartwatches. More and more devices are technically, capable of connecting us to the outside world. We will adapt the policy to include all devices we deem required to safeguard children.

Mobile phones and other devices that accept calls, messages and video calling

At Step By Step Montessori we promote the safety and welfare of all children in our care. We believe our staff should be completely attentive during their hours of working to ensure all children in the nursery receive good quality care and education.

To ensure the safety and well-being of children we do not allow staff to use personal mobile phones, smartwatches and/or fitbits which can receive calls/messages during working hours. We do permit fitbits/ smartwatches which only have a capacity to count steps but no capacity to receive calls.

We use mobile phones supplied by the nursery to provide a means of contact in certain circumstances, such as outings.

This policy should be used in conjunction with our online safety policy and acceptable IT use policies to ensure children are kept safe when using the nursery devices online

Staff must adhere to the following:

- Mobile phones/smartwatches/fitbits are either turned off or on silent and not accessed during your working hours
- Mobile phones/smartwatches/fitbits can only be used on a designated break and then this must be away from the children
- Mobile phones/smartwatches/fitbits should be stored safely in the designated area at all times during the hours of your working day
- No personal device is allowed to be connected to the nursery wifi at any time
- The use of nursery devices, such as tablets, must only be used for nursery purposes
- The nursery devices will not have any social media or messaging apps on them
- Any apps downloaded onto nursery devices must be done only by management. This will ensure only age appropriate and safe apps will be accessible to staff or children using them
- Passwords / passcodes for nursery devices must not be shared or written down
- Any apps downloaded onto nursery devices must be done only by management. This will ensure only age and content appropriate apps are accessible to staff, or children using them
- During outings, staff will use mobile phones belonging to the nursery wherever possible. Photographs must not be taken of the children on any personal phones or any

other personal information storage device. Only nursery owned devices will be used to take photographs or film videos

- Nursery devices will not be taken home with staff and will remain secure at the setting when not in use. If a device is needed to be taken home due to unforeseen circumstances then the person taking this device home must ensure it is securely stored and not accessed by another other individual and returned to nursery as soon as practically possible

Parents' and visitors' use of mobile phones and smartwatches

Whilst we recognise that there may be emergency situations which necessitate the use of a mobile telephone, in order to ensure the safety and welfare of children in our care and share information about the child's day. However, parents and visitors are kindly asked to refrain from using their mobile telephones whilst in the nursery or when collecting or dropping off their children.

If you are found to be using your phone inside the nursery premises you will be asked to finish the call or take the call outside.

We do this to ensure all children are safeguarded and the time for dropping off and picking up is a quality handover opportunity where we can share details about your child.

Visitors are requested to leave their mobile phones or smart watches in the safety of the office where they will be locked away safely.

Parents are requested not to allow their child to wear or bring in devices that may take photographs or record videos or voices. This includes smart watches with these capabilities, such as Vtech. This ensures all children are safeguarded and also protects their property as it may get damaged or misplaced at the nursery.

Photographs and videos

At Step By Step Montessori we recognise that photographs and video recordings play a part in the life of the nursery. We ensure that any photographs or recordings (including CCTV) taken of children in our nursery are only done with prior written permission from each child's parent and only share photos with parents in a secure manner. We will obtain this permission when each child is registered and update it on a regular basis to ensure that this permission is still valid.

We ask for individual permissions for photographs and video recordings for a range of purposes including: use in the child's learning journey; for display purposes; for promotion materials including our nursery website, brochure and the local press; and for security in relation to CCTV and the different social media platforms we use. We ensure that parents understand that where their child is also on another child's photograph, but not as the primary person, that may be used in another child's learning journey. Photographs and videos will not be taken in areas where intimate care routines are carried out.

If a parent is not happy about one or more of these uses, we will respect their wishes and find alternative ways of recording their child's play or learning.

Staff are not permitted to take any photographs or recordings of a child on their own information storage devices e.g. cameras, mobiles, tablets or smartwatches and may only use those provided by the nursery. The nursery manager will monitor all photographs and recordings to ensure that the parents' wishes are met and children are safeguarded.

Photographs or videos recorded on nursery mobile devices will be transferred to the correct storage device to ensure no images are left on these mobile devices.

Parents are not permitted to use any recording device or camera (including those on mobile phones or smartwatches) on the nursery premises without the prior consent of the manager.

During special events, e.g. Christmas or leaving parties, staff may produce group photographs to distribute to parents on request. In this case we will gain individual permission for each child before the event. This will ensure all photographs taken are in line with parental choice. We ask that photos of events such as Christmas parties are not posted on any social media websites/areas without permission from parents of all the children included in the picture.

At Step By Step Montessori we use tablets in the rooms to take photos of the children and record these directly on to their electronic learning journeys. We ensure that these devices are used for this purpose only and do not install applications such as social media or messaging sites on to these devices.

We also do routine checks to ensure that emails have not been sent from these devices and remind staff of the whistleblowing policy if they observe staff not following these safeguarding procedures.

1 j. Social Networking

EYFS: 3.4

Social media is becoming a large part of the world we live in and as such at Step By Step Montessori we need to make sure we protect our children by having procedures in place for safe use.

We use Facebook and Instagram to share pictures of the activities the children have accessed at nursery. In order to safeguard children, we will:

- Ensure all children in the photographs or posts have the correct permissions in place from their parent / carer
- Not allow others to post on our Facebook page, i.e. only management can post on the page
- Monitor comments on all posts and address any concerns immediately.

Staff use of social media

We require our staff to be responsible and professional in their use of social networking sites in relation to any connection to the nursery, nursery staff, parents or children.

- When using social networking sites such as Facebook or Instagram staff must:
 - Not name the setting they work at
 - Not make comments relating to their work or post pictures at work
 - Not send private messages to any parents/family members
 - If a parent ask questions relating to work via social networking sites, then staff should reply asking them to come into the setting or contact the manager
 - Ensure any posts reflect their professional role in the community (e.g. no inappropriate social event photos or inappropriate comments i.e. foul language)
 - Report any concerning comments or questions from parents to the manager/safeguarding lead
 - Follow the staff behaviour policy
 - Not post anything that could be construed to have any impact on the nursery's reputation or relate to the nursery or any children attending the nursery in any way
- If any of the above points are not followed then the member of staff involved will face disciplinary action, which could result in dismissal.

Parents and visitors' use of social networking

We promote the safety and welfare of all staff and children and therefore ask parents and visitors not to post, publicly or privately, information about any child on social media sites such as Facebook, Instagram and Twitter. We ask all parents and visitors to follow this policy to ensure that information about children, images and information do not fall into the wrong hands.

We ask parents **not to:**

- Send friend requests to any member of nursery staff
- Screen shot or share any posts or pictures from the nursery on social media platforms (these may contain other children in the pictures)
- Post any photographs to social media that have been supplied by the nursery with other children in them (e.g. Christmas concert photographs or photographs from an activity at nursery)

We ask parents to:

- Share any concerns regarding inappropriate use of social media through the official procedures (please refer to the partnership with parents' policy, complaints procedures and grievance policy).

This policy was adopted on	Signed on behalf of the nursery	Date for review

1k. Acceptable IT Use

Legislation

- Data Protection Act 2018
- General Data Protection Regulation (Regulation (EU) 2016/679)

Related Policies

- Whistleblowing
- Social Networking
- Safeguarding Children/Child Protection
- Online Safety

This Policy describes the rights and responsibilities of staff using resources, such as computers, tablets, the internet, landline and mobile telephones, and other electronic equipment. It explains the procedures you are expected to follow and makes clear what is considered acceptable behaviour when using them. These devices are a vital part of our business and should be used in accordance with our policies in order to protect children, staff and families.

Security and passwords

All electronic devices will be password protected and passwords will be updated on a regular basis. Passwords for our systems are confidential and must be kept as such. You must not share any passwords with any other person; in particular you must not allow any other staff member to know or use our password.

Email

We expect all staff to use their common sense and good business practice when using email. As email is not a totally secure system of communication and can be intercepted by third parties, external email should not normally be used in relation to confidential transactions. Emails must not be used to send abusive, offensive, sexist, racist, disability-biased, sexual orientation based or defamatory material, including jokes, pictures or comments which are potentially offensive. Such use may constitute harassment and/or discrimination and may lead to disciplinary action up to and including summary dismissal. If you receive unwanted messages of this nature, you should bring this to the attention of your Manager.

Internet access

You must not use the internet facilities to visit, bookmark, download material from or upload material to inappropriate, obscene, pornographic or otherwise offensive websites. Such use constitutes misconduct and will lead to disciplinary action up to and including summary dismissal in serious cases.

Each employee has a responsibility to report any misuse of the internet or email. By not reporting such knowledge, the employee will be considered to be collaborating in the misuse. Each employee can be assured of confidentiality when reporting misuse.

Personal use of the internet, email and telephones

Any use of our electronic communication systems (including email, internet and telephones) for purposes other than the duties of your employment is not permitted.

Emergency personal calls need to be authorised by the manager and where possible, be made on your own personal mobile phone outside the nursery.

Disciplinary action will be taken where:

- the privilege of using our equipment is abused; or
- unauthorised time is spent on personal communications during working hours.

Data protection

When using any of our systems employees must adhere to the requirements of the General Data Protection Regulation 2018 (GDPR). For more information see our Data Protection and Confidentiality Policy.

Downloading or installing software

Employees may not install any software that has not been cleared for use by the manager onto our computers or systems. Such action may lead to disciplinary action up to and including summary dismissal in serious cases.

Using removable devices

Before using any removable storage media which has been used on hardware not owned by us (e.g. USB pen drive, CDROM etc.) the contents of the storage device must be virus checked.

Removable devices must not be taken home unless under exceptional circumstances and authorised to do so by the management team, with prior written permission and risk assessment in place.

This policy was adopted on	Signed on behalf of the nursery	Date for review
<i>October 2020</i>	<i>Khadijeh Nanyji</i>	<i>October 2021</i>

11. CCTV

The nursery CCTV surveillance is intended for the purposes of:

- promoting the health and safety of children, staff and visitors
- protecting the nursery building and resources.

The system comprises of 12 fixed cameras. These are placed around the nursery, inside and outside, but **not** in the toilets or changing areas. This is to ensure the dignity of children is maintained.

The use of CCTV to control the perimeter of the nursery for security purposes has been deemed to be justified by the nursery management. The system is intended to capture images of intruders or of individuals damaging property or removing goods without authorisation or of antisocial behaviour.

Monitoring

The CCTV is monitored centrally from the nursery office and is registered with the Information Commissioner under the terms of the Data Protection Act. This policy outlines the nursery's use of CCTV and how it complies with the Act. The nursery complies with Information Commissioner's Office (ICO) CCTV Code of Practice to ensure it is used responsibly.

All authorised operators and employees with access to images are aware of the procedures that need to be followed when accessing the recorded images. All operators are trained to understand their responsibilities under the CCTV Code of Practice. All employees are aware of the restrictions in relation to access to, and disclosure of, recorded images.

A copy of this CCTV Policy will be provided on request to staff, parents and visitors to the nursery and will be made available on the website and in the policy file.

Location of cameras

The location of CCTV cameras will also be indicated and adequate signage will be placed at each location in which a CCTV camera(s) is sited to indicate that CCTV is in operation.

Adequate signage will also be prominently displayed at the entrance to the nursery's property. Signage shall include the name and contact details of the data controller as well as the specific purpose(s) for which the CCTV camera is in place in each location.

Storage and retention

The images captured by the CCTV system will be retained for a maximum of 30 days, except where the image identifies an issue and is retained specifically in the context of an investigation/prosecution of that issue.

The images/recordings will be stored in a secure environment with a log of access kept.

Access will be restricted to authorised personnel. Supervising the access and maintenance of the CCTV System is the responsibility of the registered person / manager.

In certain circumstances, the recordings may also be viewed by other individuals. When CCTV recordings are being viewed, access will be limited to authorised individuals on a need-to-know basis.

Files will be stored in a secure environment with a log of access to recordings kept.

Recorded footage and the monitoring equipment will be securely stored in a restricted area. Unauthorised access to that area will not be permitted at any time. The area will be locked when not occupied by authorised personnel. A log of access to footage will be maintained. When accessing images two authorised members of staff must be present. A written record of access will be made. A record of the date of any disclosure request along with details of who the information has been provided to (the name of the person and the organisation they represent), why they required it and how the request was dealt with will be made and kept, in case of challenge.

Subject Access Requests (SAR)

Individuals have the right to request access to CCTV footage relating to themselves under the Data Protection Act / GDPR.

Individuals submitting requests for access will be asked to provide sufficient information to enable the footage relating to them to be identified. For example, date, time and location.

The nursery will respond to requests within 14 calendar days of receiving the request. The nursery reserves the right to refuse access to CCTV footage where this would prejudice the legal rights of other individuals or jeopardise an on-going investigation.

A record of the date of the disclosure along with details of who the information has been provided to (the name of the person and the organisation they represent) and why they required it will be made.

Where footage contains images relating to 3rd parties, the nursery will take appropriate steps to mask and protect the identities of those individuals.

Complaints

Complaints and enquiries about the operation of CCTV within the nursery should be directed to the manager of the nursery in the first instance.

Responsibilities

The manager (or deputy) will:

- Ensure that the use of CCTV systems is implemented in accordance with this policy
- Oversee and co-ordinate the use of CCTV monitoring for safety and security purposes
- Ensure that all CCTV monitoring systems will be evaluated for compliance with this policy
- Ensure that the CCTV monitoring is consistent with the highest standards and protections
- Review camera locations and be responsible for the release of any information or recorded CCTV materials stored in compliance with this policy
- Maintain a record of access (e.g. an access log) to or the release of files or any material recorded or stored in the system
- Ensure that the perimeter of view from fixed location cameras conforms to this policy both internally and externally
- Ensure that all areas being monitored are not in breach of an enhanced expectation of the privacy of individuals
- Ensure that external cameras are non-intrusive in terms of their positions and views of neighbouring residential housing and comply with the principle of “Reasonable Expectation of Privacy”

- Ensure that monitoring footage are stored in a secure place with access by authorised personnel only
- Ensure that images recorded are stored for a period not longer than 30 days and are then erased unless required as part of a criminal investigation or court proceedings (criminal or civil).
- Ensure that camera control is solely to monitor suspicious behaviour, criminal damage etc. and not to monitor individual characteristics
- Under certain circumstances, the CCTV footage may be used for training purposes (including staff supervisions) or for parents to view child transitions.

1m. Monitoring Staff Behaviour Policy

EYFS: 3.4-3.18, 3.19, 3.21,
3.22

At Step By Step Montessori Ltd. we take the safety and welfare of our children and staff seriously. This policy ensures staff behave in an appropriate manner to act as a role model for and protect all children in their care. Within this policy we will also ensure that any changes to staff behaviours or ways of working are closely monitored, discussed and supported to ensure all children are safeguarded throughout their time here.

Expected staff behaviour

Within our nursery we expect our staff to:

- Put our children first, their safety, welfare and ongoing development is the most important part of their role
- Behave as a positive role model for the children in their care by remaining professional at all times and demonstrating caring attitudes to all
- Work as part of the wider team, cohesively and openly
- Be aware of their requirements under the EYFS Statutory Framework and the nursery policies and procedures designed to keep children safe from harm whilst teaching children and supporting their early development
- React appropriately to any safeguarding concerns quickly and concisely in accordance to the nursery / Local authority procedures and training received
- Not share any confidential information relating to the children, nursery or families using the facility
- Maintain the public image of the nursery and do nothing that will pull the setting into disrepute
- Ensure that parental relationships are professional and external social relationships are not forged. If a relationship exists prior to the child starting at the setting, discussions with management will be held to ensure the relationship remains professional. No staff should be linked to parents on social media during their time at nursery
- Adhere to the Mobile Phone and Other Electronic Device and Social Networking policy
- Report to management immediately any changes in personal life that may impact on the ability to continue the role. These may include (but not limited to) changes in police record, medication, people living in the same premises, any social service involvement with their own children.

Monitoring staff behaviour

Within the nursery we:

- Conduct regular peer observations using all staff and management, during which we will look at interactions with children and their peers
- Have regular supervisions with all staff in which ongoing suitability will be monitored and recorded
- Use a whistleblowing policy that enables team members to discuss confidentially any concerns about their colleagues

- Operate staff suitability forms and clauses in staff contracts to ensure any changes to their suitability to work with children are reported immediately to management
- Ensure all new staff members are deemed suitable with the appropriate checks as detailed in the safeguarding policy.

Some behaviours that may cause concern and will be investigated further:

- Change in moods
- Sudden change in religious beliefs / cultural beliefs (may be a sign of radicalisation)
- Changes in the way of acting towards the children or the other members of the team (becoming more friendly and close, isolation, avoidance, agitation etc.)
- Sudden outbursts
- Becoming withdrawn
- Secretive behaviours
- Missing shifts, calling in sick more often, coming in late
- Standards in work slipping
- Extreme changes in appearance.

Procedures to be followed:

If we have a concern about changes in staff behaviour within the nursery, an immediate meeting will be called with the individual and a member of management to ascertain how the person is feeling. We will aim to support the staff wherever possible and will put support mechanisms in place where appropriate.

Ultimately we are here to ensure all staff are able to continue to work with the children as long as they are suitable to do so, but if any behaviours cause concern about the safety or welfare of the children then the procedure on the safeguarding policy will be followed as in the case of allegations against a team member and the Local Authority Designated officer (LADO) will be called.

All conversations, observations and notes on the staff member will be logged and kept confidential.

This policy was adopted on	Signed on behalf of the nursery	Date for review
<i>October 2020</i>	<i>Khadijeh Nauji</i>	<i>October 2021</i>
